

## Advantages of using Gripple...

- Saving you time and money in labour**  
 From initial installation to maintenance and repairs, Gripple products are quick and easy to use and create a neat, professional finish.
- Join and tension in one**  
 Removes the need for traditional clamps, wire strainers, crimps or knotting.
- A Gripple product to suit most wire types**  
 From conventional mild steel to professional high tensile, across a range of diameters.
- Speedy, economic repairs**  
 Simply splice a small section of wire using two Gripple Plus.

	Medium	2.00 - 3.25 mm	400 kg
	Large	3.25 - 4.20 mm	600 kg
	Jumbo	2.50 - 3.15 mm	600 kg
	Barbed	2 x 2.00 mm 2 x 2.50 mm	400 kg 150 kg
<b>End post termination</b>	T-Clip 1	1.80 - 3.25 mm	-
	T-Clip 2	1.80 - 4.00 mm	-
<b>Bracing</b>	GPAK 4	4.00 mm x 5.0 m	600 kg
	DPAK 6	6.00 mm x 4.0 m	1,750 kg
<b>Anchoring</b>	Anchor 3	3.0 mm x 1.0 m	-
	Anchor 4	4.0 mm x 1.0 m	-

**Join and tension wire**  
using a Gripple Plus

**Install and repair field fence** with Gripple Plus

**Join and tension barbed wire** using Gripple Barbed

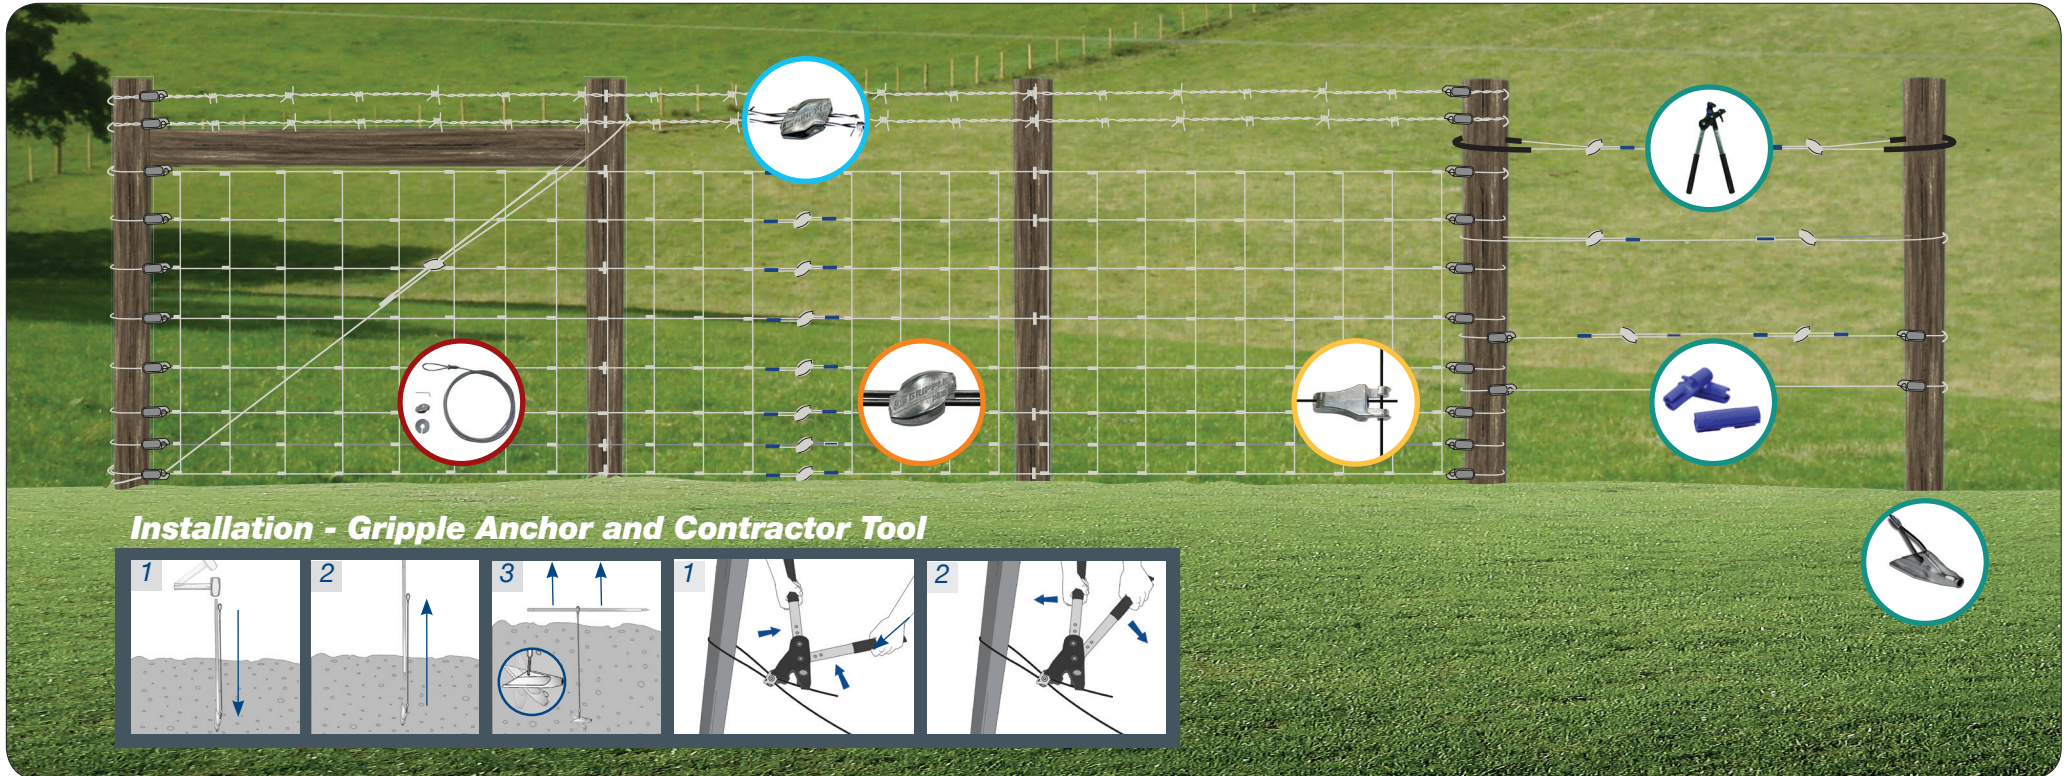

**Terminate at an end-post** with Gripple T-Clip

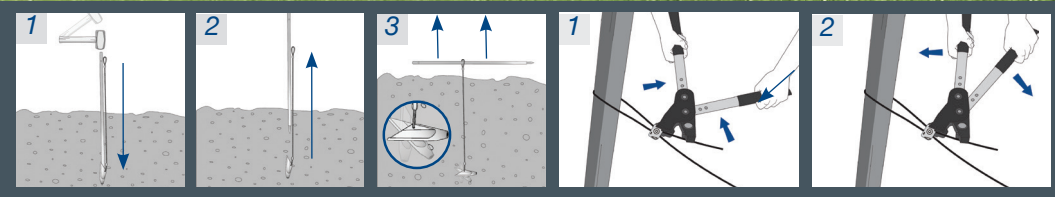

**Brace box strainers** with a Gripple Bracing kit

**Apply tension** with a Contractor Tool

### Installation - Gripple Anchor and Contractor Tool

**Gripple Plus**

From initial installation through to maintenance and repair, the Gripple Plus is not only a wire joiner, but a tensioner too.

**Gripple T-Clip**

The quick and easy way to tie-off at an end post, the Gripple T-Clip is ideal for use on all types of netting, or where space is tight.

**Contractor Tool**

This all-metal tensioning tool combines long handles with internal gears, to take the strain out of tensioning your fence.

**Gripple Twister**

The Gripple Twister secures the tail wire giving a professional, safe and secure finish.

**GPAK**

The Gripple Bracing Kit presents an easy-to-handle, simple-to-use bracing solution that can be installed in less than one minute.

**Gripple Barbed**

Taking the hassle out of joining, and knotting barbed wire, the Gripple Barbed creates a secure installation with a simple push-fit mechanism.

**Gripple Anchor**

The Gripple Anchor creates a strong anchor point underground that is instantly loaded, and will perform in a variety of soil types.
